Business Jet Interiors International is the gold-standard business-to-business magazine for all those striving for excellence in business jet interior design and technology. With its dedicated focus on the business jet interiors sector, it is the perfect platform to get your message in front of the industry at a time of fresh opportunity.

In 2025, there were 854 business jet deliveries, a 11.8% year-on-year increase from 2024's equivalent figure, according to GAMA's 2025 Aircraft Shipment and Billing Report. Across all categories (business jets, piston airplanes, turboprops and helicopters), preliminary aircraft deliveries for 2025 were valued at US\$35.7bn, a 14.6% increase on 2024's figure.

Published alongside *Aircraft Interiors International*, the industry-leading title for the commercial aviation sector, *Business Jet Interiors International* is brought to you by the publisher that specialises in aviation cabin interiors. The magazine is recognised as a vital source of information and market data. With the cabin interior being a pivotal part of aircraft acquisition decision-making, the magazine has an important role to play within the industry.

In-depth features on new airframes, exciting case studies and hot topics sit alongside showcases of the latest innovations in such areas as materials, lighting, seating, cabin air technologies, IFE and CMS, connectivity and galley equipment.

Through its in-depth coverage of the latest design and technology trends, *Business Jet Interiors International* helps its readers to keep in touch with changing customer requirements – from sustainability-focused interiors to the latest in customisation, optimised lead times and cabin flexibility.

Supplementing the print edition, *Business Jet Interiors International* is also available in a modern digital edition, delivering not only convenience but also extended content – including audio and video offerings. Meanwhile, webinar, video and podcast services are available, providing the opportunity for presentations and panel discussions that deliver a message directly to a carefully targeted audience.

The key areas of business covered are:

Bespoke fittings ■ Cabin hygiene ■ Cabin management systems ■ Catering and galleys
■ Completions and refurbishment ■ Flooring ■ IFE and connectivity ■ Interior design
■ Lighting ■ Lavs ■ Market trends/analysis ■ Seating ■ Textiles and leather

Circulation

Business Jet Interiors International is distributed to a unique circulation database accounting for more than 6,000 registered readers worldwide. The magazine is circulated to corporate fleet operators and multiple independent owners globally, and every single major and minor private charter operator. This is backed by distribution to completion centres, design houses and, of course, to aircraft manufacturers themselves.

Business Jet Interiors International is distributed globally, not just to the long-established US market, followed by Europe and the Middle East, but very importantly, to the fast-developing Asian market. We can help you get your message in front of buyers and decision-makers worldwide.

Business Jet Interiors International will also be distributed at Aircraft Interiors Expo in Hamburg, NBAA-BACE, and on alternate years at MEBA.

Business Jet Interiors International is a sister publication to leading industry magazines *Aircraft Interiors International* and *Railway Interiors International*

Digital edition sponsorship

Premium opportunity

In 2020, *Business Jet Interiors International* launched its all-new digital edition. This fully interactive interface, optimised for smart devices, has created a large increase in the number of readers choosing to access the magazine digitally. The digital platform has been welcomed by the industry with an average of just over **7,500** issue visits and **50,000** page views per issue.

The digital platform provides a richer editorial experience through added audio and video content, as well as extra words and images in certain articles. However, the opportunities for enhanced content aren't just limited to editorial. Each edition, one print advertiser, on a first-come-first-served basis, will be able to secure the position of our Digital Edition Sponsor. This premium advertising opportunity will consist of the following forms of digital promotion:

- 1) A 'presentation page' ad. This full-page ad will appear directly opposite our front cover on the digital PDF replica of the issue;
- 2) Two 'interstitial' ads. These ads pop up automatically between pages as you flick through the digital edition. These will be mirrored by 'lily' ads that appear in the Smart View, optimised for mobile devices;
- 3) A logo in the email blast sent by *Business Jet Interiors International* on digital publication; and
- 4) The opportunity to augment ads with video content.
